**Subject:** RE: Bill Andrae - quick turn RE: Gorge Dam Abstract for OSWC

I'm sorry I did not respond on Friday. I couldn't get an answer from our internal management team on if we wanted to join in or not. I think Jacobs is like the Titanic and we just can't respond quickly.

Cheers!

Bill

**Importance:** High

Hi Heather – I personally do not want to be involved (I don't like giving presentations), but Jacobs might.

Hi Bill – please see e-mail below and attachment. If this is something that Jacobs would like to participate in, then please request permission from Rhonda (cc me) to present information on the sediment design. You would need to obtain permission before end of day tomorrow since abstracts are due Saturday. If Jacobs does not want to be involved in this one, please respond back to me and Heather to let us both know.

Thanks!

Hi Mary Beth,

My team is submitting an abstract for the Ohio Stormwater Conference in May 11-13, 2022. Would you or your team like to be involved in the presentation? If not, that's totally ok. We will remove that part in our proposal.

Thanks!

**Subject:** [External]Gorge Dam Abstract for OSWC

Hi Heather:

We have put together the attached abstract/submittal to the Ohio Stormwater Conference. Please review and give your approval for submission. Currently, I have you, Matt L., and me as authors, but we can add a person from the sediment team (if they are willing). Abstracts are due this Saturday so a quick review is requested (sorry about that!).

Feel free to reach out to me or Matt if you have any questions.

Thanks,
